cannot believe that this place is rated 3.9 on google! this time earns 5 stars. my man and I have tried this place twice and we were pleasantly surprised with the quality and taste of the food. the food was delivered very fast and at the perfect temperature at both locations. Finally, I would like to say that they have restaurant quality food to cheap trips. highly recommended! [View all feedback](#). What [sandra f](#) doesn't like about Gourmet Kitchen: Ordered a take away through deliveroo and 2 of the main items were missing. Called them and argued with me that they send it and that its not their problem. complain to deliveroo and put the phone down. Very dissappointed!! Would have expect an apology at least....
