I've been going to iver inn for years. we always loved eating. the best singapur fried noodles I've ever had. my daughter who moved to london said she missed it and asked if we could order from there. had only a delicious cake hot order and as always consistently good [View all feedback](#). What [Sophia B](#) doesn't like about Iver Inn: The food is awful. We love locally and tried it several years ago but disliked it. We thought we would try again as it may have improved. However it was the same. There is far too much salt in the dishes that we there half if it away. I'd love to support local businesses but this was so bad, we won't visit again.
