A busy place a good sign) as locals enjoy the venue. Such great value too Worth a visit whenever you're in Wisbech [View all feedback](#). What [Aaronwiddows](#) doesn't like about Cafe D-licious:

We came back to this cafe as it was good before. We waited 10 minutes for someone to come and ask us what we would like. The girl who served us was very rude and abrupt. It seemed like it was too much trouble to serve us. I don't go to a cafe to be spoken to in that manner. Another girl was washing dishes in the back when she needed to be serving customers. We walked out and will not be retuning. [View all feedback](#).
