the most cozy place on a snowy day. delightful cuppa, served with warm and dear, surrounded by equally good energy. home took a bag of ground coffee for good measure [View all feedback](#). What [edimbru](#) doesn't like about Wellington Coffee:

This was one of the original speciality coffee places in central Edinburgh and used to serve top top quality coffee. Something changed recently though and the coffee really isn't great. £3.80 for a bad quality flat white. A lot of a staff have a bit of an attitude as well. Scones still amazing to be fair. Lowdown coffee over the road is ten times better. [View all feedback](#).
